STRIKE BACK: 614 BRIGADE

STRIKE BACK: 614 BRIGADE ::: FALL BIG GAME SUNDAY OCTOBER 1, 2017

All bark or are they going to bite? After a recent sixth nuclear test the world is on edge.

We are witnessing Mother Nature's awesome power as she is devastating our Southern States with hurricanes.

The media can't do much to put a spin on real people coming together; to help one another as the news of natural disaster is trumping the threat coming from Korea.

The 614 is more important than people realize. Have they become desensitized to the fact that Ohio is the Heart of it All? We are still bordered by the Great Lakes as a shipping port. We are the location of the Combat Logistics & Finance Departments for the Government. We have a main water artery that connects to the mighty Mississippi; the river that slices our country in half. We are home to top secret technology at Wright Patterson Air Force Base. We house a huge armory in the 614 and a major parcel shipping hub that makes I-70 the most traveled interstate in the country.

As the world is in chaos and natural disasters are devastating other parts of the world – Central Ohio goes unnoticed until now.

Will you band together when it is our time to strike back?

The paintball big game. Columbus, Ohio Sunday October 1, 2017. Battle for fun. Join us and several manufacturers in the paintball and airsoft industry. Meet sales representatives and buy products from Tippmann, GI Sportz, Empire, J&J Performance, Kingman Spyder, Vforce, US Army Paintball, Planet Eclipse, Allen Paintball Products and many more at the Paintball Ohio SuperSale.
